## CITY HALL NEWS

### Winter Moratorium

Winter Moratorium is the time from November 1 to April 1 in which a utility which provides the heat source for your residence, may not disrupt heat service, AS LONG AS you are on some type of heating assistance through the government (UDMO). Winter Moratorium only protects your heat source from being interrupted. Utilities, such as the City of Gilmore City, can disconnect Water service for non-payment of services once proper notification is made. If you are needing heat assistance please contact your county UDMO office.

### PS: Project Share

Project Share is a plan, created by your municipal utility, to assist needy households in paying their wintertime energy bills. You can help by adding a regular PS contribution to your monthly utility payment, or by making a direct donation to Project Share. These funds will then be distributed to neighbors in need for wintertime ener-

gy costs. Contact City Hall OR call your county UDMO office today! Contributions are tax deductible!

**PS Add A "PS" To Help A Neighbor**

Project Share is a plan, created by your municipal utility, to assist needy households in paying their wintertime energy bills.

You can help by adding a regular PS contribution to your monthly utility payment, or by making a direct donation to Project Share. These funds will then be distributed to neighbors in need for wintertime energy costs.

Those qualifying for help will be carefully identified by an area social service agency. A local committee will oversee Project Share to guarantee all contributions will be handled equitably and efficiently.

So please, add a PS—Project Share—to your utility payment each month. It's a simple way to share some warmth with those who need it.
